Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of Group I and Species IA in the reply filed on 7/15/05 is acknowledged.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
3. Claim 28 recites the limitation "the top end" in line 19. There is insufficient antecedent basis for this limitation in the claim.

Claim Rejections - 35 USC § 102

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 28 and 29 are rejected under 35 U.S.C. 102(b) as being anticipated by Iwasaki (US Patent No. 6,034,436).

With regard to claim 28, Iwasaki disclose in figure 7B a structure for providing multilevel electrical connectivity within an integrated circuit (note that figure 7B shows a portion of a cross section that will repeat many times on the chip), the structure comprising:

Art Unit: 2815

- a first plurality of vias D1/D3;
- a second plurality of vias D2;
- a first routing level S2 at a first height, the first level connected to the first plurality of vias;
- a second routing level S1 at a second height connected to the second plurality of vias;
- wherein the first height is different from the second height;
- where both routing levels are formed above a substrate;
- wherein the first and second vias are evenly spaced and have a common first pitch;
- and further comprising a third routing level U1/U2/U3, the third routing level above the first and second vias connected at the top end of each first and second via;
- wherein the first plurality of vias are not connected to any routing levels above the first routing level and below the third routing level, and wherein the second plurality of vias are not connected to any routing level above the second routing level and below the third routing level.

With regard to claim 29, the first routing level and second routing level are below the first and second vias.

Allowable Subject Matter

6. Claims 6-15, 27, 33-43, 55, 59-69, 73 and 83-93 are allowed.

Response to Arguments

7. Applicant's arguments with respect to claims 28 and 29 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to N. Drew Richards whose telephone number is (571) 272-1736. The examiner can normally be reached on Monday-Friday 9:00-5:00.
